Manpower Webinar Series 2010

Connecting HR Industry Experts Directly to You

Want to learn more about the HR industry?

Connect with leading workforce, safety and management experts to learn tangible practices and processes you can use to benefit your business. We cover HR-related topics such as hot industry trends, employment law, employee screening, training and retention. We want to make sure you stay connected with what's going on in the changing world of work.

Our Webinars are FREE!

2010 marks our seventh consecutive year of hosting complimentary HR webinars. Last year over 10,500 individuals registered for our webinars and we continue to see that number climb today. We believe the reason for our webinar success is that our webinars are not sales-driven and focus on relaying practical information.

Get continuing education credits!

Our Webinar Series has pre-approved status for issuing continuing education credits through the Human Resource Certification Institute (HRCI), an affiliate of the Society for Human Resource Management (SHRM). This pre-approved status means that for professional HR members, our webinars count toward recertification.

Webinar background information.

Our 60-minute webinars consist of a 40-minute PowerPoint presentation and 20-minutes of Q&A. The audience is Manpower clients and prospects with a strong focus on small and mid-size business HR professionals. We hold one webinar a month and typically host them toward the end of the month. Also, our audience is from different time zones, so we always try to schedule mid-day.
